BTE ATTACHMENT

COLD AIR BLOWER

Blast away snow and ice and remove the risk of melting and refreezing.

The **BTE Cold Air Blower** keeps tracks and switches clear all winter by attacking snow and ice with unmatched efficiency. Braided steel cable fingers break up ice deposits while high-velocity cold air (at 200+ MPH) clears the way, eliminating the risk of melting/refreezing. Your crew can ditch the handheld blowers and work safer, faster, and more effectively.

AT-A-GLANCE

Height/Length	60” x 93” (1,524 mm x 2,363 mm)
Width	40” (1,016 mm)
Weight	1,400 lbs (636 kg)
Fan Drive Motor Reqs.	34 Max GPM/4,500 Max PSI (128 l/m/31,026 kPa)

FEATURES

- Compatible with wide range of hi-rail machines
- High-velocity airflow with 200+ MPH wind speed
- Cold air technology prevents melting and refreezing
- Braided steel cable fingers break and clear ice quickly
- Enhances safety by removing need for handheld snow blowers
