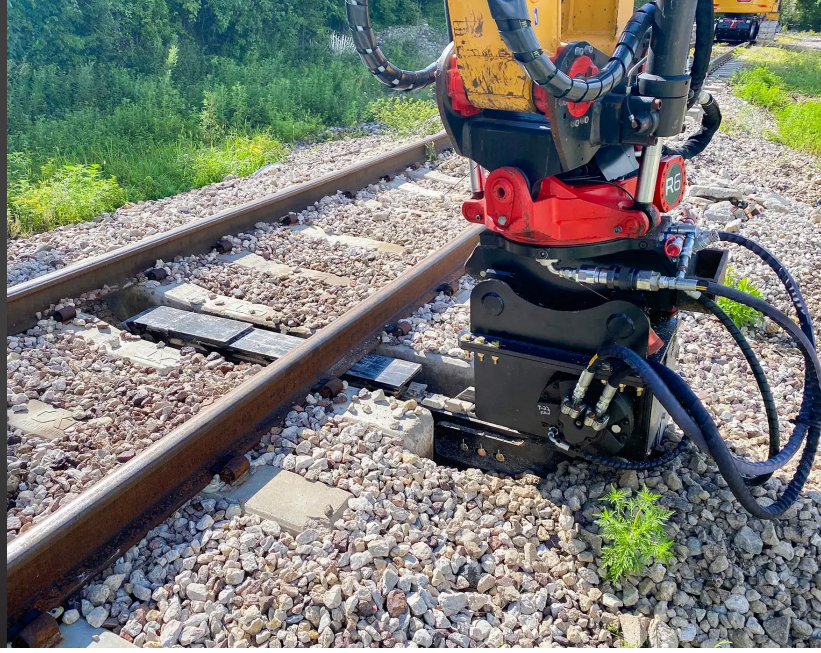
BTE ATTACHMENT

CRIBBER

Clear fouled ballast in half the time without damaging rails and ties.



With the **BTE Cribber**, operators can safely clear a crib in under 60 seconds, speeding up cleanup and saving money and manpower. A proprietary carbide-protected cutting chain operates continuously to deliver fast, efficient ballast and debris removal while top and nose guarding keeps rails and ties fully protected.

AT-A-GLANCE

	BTE-306422	BTE-306498
Height	7’ bar overall	9’ bar overall
Length	115”	139”
Weight	2,175 lbs	2,375 lbs
Overall Width	33”	
Overall Height	40”	
Motor Hydraulic Reqs.	40 GPM / 4,500 PSI	
Chain Size	2” bi-directional	

FEATURES

- Ultra-durable carbide-protected chain
- Continuous vertical rotations
- Chain guarding on top side and nose
- Balancing boot for easy movement
- Designed to minimize time spent re-tamping
