BTE ATTACHMENT

MINI CULVERT CLEANER

Clean more culverts in less time with no water and no vacuuming.

The **BTE Mini Culvert Cleaner** tackles clogged ditches, culverts, and mud spots in smaller or harder-to-access railway drainage areas, including ones with particularly tight clearances. Using a continuous mechanical augering system, it works off-track to clear multiple culverts in a day quickly and efficiently, without the need for water or vacuum assistance.

AT-A-GLANCE

Length	60 ft
Weight	650 lbs
Height	34”
Power Requirements	15gpm, 3,000psi (35gpm, 3,500 psi)
Pin Grabber	Optional
Quick Coupler Hydraulics	Optional

FEATURES

- Continuous mechanical augering system
- Different drives and augers available
- Mining-grade, carbide-protected bits
- Sealed drive system, safe to submerge
- Clears pipes up to 36” in diameter and 60’ long
- No water or vacuum assistance required
- Operable off-track, minimizing disruptions
