BTE ATTACHMENT

MULTI-GRAPPLE

Trim and cut tree canopy with speed, ease, and efficiency

Engineered for heavy loads and multiple angles, the **BTE Multi-Grapple** delivers exceptional gripping strength and control, making it ideal for precise tie placement or removal in constrained work zones along the track or yard. It's a powerful, versatile attachment, with a fully enclosed grip, replaceable expander pins, and built-in end-limit stops that ensure smooth operation, reduced wear, and maximum safety.

AT-A-GLANCE

Height/Length	53 in x 49 in
Width	25 in
Weight	1,150 lbs

FEATURES

- Fully enclosed grip ensures secure tie handling
- Reduces wear with end-limit damping and stops
- Load-holding valve and angled bottom plate maximize safety
- Replaceable expander pins make maintenance easy
